

Edward de Bono's Thinking Skills Programme# 德博諾博士之思考證書課程#

Going to
P.2-S.1

The Six Thinking Hats® and CoRT® are two of the most well-known thinking courses developed by the thinking skills master Dr Edward de Bono.

Six Thinking Hats® explores sets of thinking tools so as to enable more comprehensive, balanced and focused thinking and better decision making. In Six Thinking Hats®, each hat has a different colour and each colour represents a mode of thinking. By mentally wearing and switching ihats, the children can easily focus to redirect thoughts or conversation. An attendance certificate will be awarded to students who meet 80% attendance requirement.

After completion of the Six Thinking Hats® course, students may proceed to take CoRT®. The whole CoRT programme is composed of 8 modules. In each module, students further develop their thinking skills by considering more advanced thinking tools such as FIP*AGO*C&S*CAF*PMI*OPV*VHVL. They will also learn different thinking processes such as Plan, Analyze, Compare and Recognize etc. An attendance certificate will be awarded to students for completing every two modules (80% attendance).

「六頂思考帽子」及CoRT®乃全球知名的思考大師「德博諾博士」(Dr Edward de Bono)所發展的兩個思考系統課程。

「六頂思考帽子」思考系統，六頂帽子代表不同的思考方式 - 白帽代表資料、紅帽代表感覺、黃帽代表優點、黑帽代表謹慎、綠帽代表新意、藍帽代表管理思考。「六頂思考帽子」學生課程能提高學生的思考、創意及學習能力，有助作文內容更豐富更有條理。

完成了「六頂思考帽子」課程後，學生(達80%出席要求者)除了可獲發出席證書外，亦可以繼續報讀德博諾博士之「CoRT®」思考課程。

「CoRT®」全課程共分八個單元，教授學生更多思考的工具，如FIP、AGO、C&S、CAF、PMI、OPV、VHVL等，引導學生思考得更全面和更深入。學生每完成兩個單元(達80%出席要求者)可獲發出席證書。

To many of our city kids, "cooking" is a familiar word but a foreign thing. The course is to equip our kids with this very important life skill in a fun and participative manner. Kids will learn practical cooking, nutrition, hygiene and etiquette. Our experienced Chef Coach will lead the kids through this food creation journey – from ingredients to appetizing edibles. Put on your apron and join the chefs team now.

「烹調」是一非常重要的生活技能，但對於現代小孩子來說，卻是一個非常陌生的概念。為了培養孩子對食物、營養、健康、禮儀等知識和能力，課程導師將由經驗豐富的總管主廚擔任，帶領孩子體會這個奇妙的食物創作過程——如何由簡單的食材變為一頓健康美味的小食菜餚。家長看見孩子帶回家的食物時，也會深受感動！

Nowadays, we have many high technology toys, but toy blocks and other construction toys bring a lot of benefits to children's development, like motor skills, hand-eye coordination, spatial skills, creativity, problem-solving skills and even language and social skills, are non-replaceable. In this course, blocks and other construction toys will be used, different construction works projects will be introduced in every lesson and two products will be taken home. With teacher's guidance and facilitation, children will construct their own work.

現今我們有許多高科技玩具，但積木和其他組合玩具能帶給兒童發展的益處是不能取代的，如小肌肉發展、手眼協調、空間智能、創造力、解決問題的能力、甚至語言和社交技巧等。這個課程會使用積木和其他組合玩具，每節課有不同的主題，在老師的引導下，孩子們每堂將建構不同的作品，當中兩件製成品可帶回家。
