# Our Star Teachers

I am John Ng and originally from Venezuela, a lawyer graduated in the Universidad Bicentenario de Aragua. Upon graduating from law school, I worked as a Legal Clerk in the Consulate General of Venezuela in Hong Kong. And now, I am manager of Latin America and legal advisor for the Chinese Chamber of Commerce of Dominican Republic in Hong Kong. In the past few years, I have been teaching Spanish of all levels at YALC. I am lucky to be one of the YALC language instructors. This is one of the best experiences I've ever had. Teaching is so fun and seeing kids learning a language and helping them to take steps towards succeeding at their exams and have a good grasp of the application of Spanish is a pleasure to me. I always enjoy the great companion of all students and colleagues whom I have met at YALC!

My name is Omaira Buelvas, I am from Venezuela in South America. I have been teaching Spanish at YALC over a year. I had been working in my children's kindergarten and primary school as a Spanish teacher for a number of years. I love children and I really enjoy teaching them. I want my students to learn Spanish happily. I like to use different kinds of methods to teach them, like story telling, drawing and role play..., they will have fun and learn more effectively.
